日本語101 Using AI-bot Tutor

Instructor: Tomonori Nagano
tnagano@lagcc.cuny.edu

Fall 2024

Your Name: _____

Score: _____ / 15

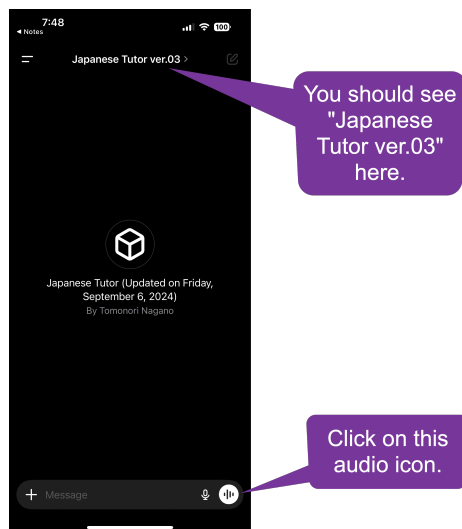

In this bonus exercise, you'll have the opportunity to practice your Japanese with an AI-bot tutor specifically designed for first-semester Japanese language learners. This AI tutor has been trained to assist you with any materials covered in your class.

To participate in this activity, please follow these steps:

- (1) **Device Requirement:** Make sure you have the ChatGPT app installed on your smartphone or tablet since you'll need it for the audio interface (A browser on a computer does not work since it does not have the audio interface).
- (2) **Accessing the AI Tutor:** Go to <https://chatgpt.com/g/g-10KHbFzg1-japanese-tutor-ver-03> or scan the QR code below using your device.

- (3) **Starting Your Session:** The link will take you to the ChatGPT app, where you should see "Japanese Tutor ver.03." Click on the audio interface icon (see the image below) to begin your session.

- (4) **Providing Feedback:** After your session, please share your feedback. Let us know if you liked the experience, encountered any technical issues, and whether it was useful for your Japanese practice etc. The feedback doesn't need to be extensive – just a few sentences will suffice. Submit your feedback through Blackboard.

Those who have completed this assignment will receive 15 bonus points.
